

# SNAPPY® SEALER

**Keep food fresher for longer with this simple, low cost and highly versatile heat sealer**

To operate the Snappy® System just place the product to pack into a Snappy® Bag, Position between the jaw of the sealer, then with just one operation it seals the bag and trims away any excess waste, all in one simple action.

Snappy® bags are manufactured from high grade recyclable polypropylene which ensures glass clear presentation.

A large range of stock bag are available e.g plain, perforated, pearl backed and multi perforated.

All Snappy® bags can be produced to bespoke sizes and printed to customer requirements.
